LIVELY TIMES OVER MUNICIPAL CAMPAIGN

The municipal campaign is rapidly coming to a close. Much interest is being manifested in the election of next Monday. Never have the taxpayers taken such an interest in a campaign. It is safe to say that nearly all of the 1500 registered voters will come to the polls on that day and this is as it should be, everyone should take an interest in municipal affairs.

The incumbent trustees, Carl K. Mabie, George McNulty and J. C. Jones, are candidates for re-election. Personally they are all splendid men who have the best interests of the town at heart, but there are quite a few who believe that their administration has not been as economical as it might have been. However this may not be altogether their fault.

They are opposed by H. C. Tuchsen, J. F. Ford and Louis F. Sericano. All three are well known and have the confidence of the people and their chances of election are very good.

Carl K. Mabie, the town mayor, is a very excellent young man, courteous, fair and just, and has always tried to do his full duty to the people. He has a host of friends working hard for him. Mr. Mabie's prospect for re-election is very promising. The people could make no mistake in returning him to the board.

IT IS YOU

If you want to live in the kind of a town,
Like the kind of a town you like,
You needn't slip your clothes in a grip
And start on a long, long hike.
You'll only find what you left behind,
For there's nothing that's really new.
It's a knock at yourself when you knock your town.
It isn't your town—it's you.

Real towns are not made by men afraid
Lest someone else gets ahead.
When everyone works and nobody shirks
You can raise a town from the dead.
And if, while you make your personal stake,
Your neighbor can make one, too,
Your town will be what you want to see.
It isn't your town—it's you.

Compliments of A. L. Lesseman.

DEATH OF RICHARD F. RUMBOL

Richard F. Rumbol, one of the oldest residents of this section, passed away at the Masonic Home, Decoto, last Saturday morning, after an illness extending over several years. The deceased was born in Boston, Mass., January 24, 1830. As a youth he sailed on a clipper ship around the Horn and for several years followed the sea. In the sixties he went to work for the late H. N. Bishop in Belmont and did farm work for a number of years. In 1893 he was appointed janitor of the grammar school in Redwood City and continued in that position until 1909.

Mr. Rumbol was made a Mason in the local Masonic lodge in 1873 and from 1889 to 1905, a period of 16 years, was tyler of the lodge. In December, 1908, his wife had a fatal stroke on a stormy night and while seeking help for her he fell and broke his hip. After the passing of his life partner he was taken to the Masonic Home, where he has since resided. He was a good man and had many friends. A daughter, Mrs. Herman Schmuck, of San Francisco, is left to mourn his death. The funeral was held Tuesday from the parlors of the James Crowe Company and was conducted by Redwood City Lodge, No 168, F. & A. M. Interment was in the Masonic plot in Union cemetery

The taxpayers are called upon to og to the polls on Monday and vote for the candidates who will keep down the tax rate, men who will make an honest effort to reduce taxation. We have endeavored to point the way. We have presented the claims of the several candidates for trustees. This will be our last argument before the election. It is now up to the electors. Mr. Taxpayer, do your duty.

BOXING UNDER THE AMERICAN LEGION

Petitions are being circulated to be presented to the new city trustees to permit the local American Legion to stage boxing bouts here for the benefit of their treasury. There is no doubt they have a right to call on the public for funds that they may be able to help comrades in need. Some 3 years ago the government called on them when the nation was in need.

But their method of raising money is open to criticism. This question has been settled in Redwood City by an ordinance and should not be reopened. What other towns do cuts no figure. We have settled this for the good of the community and settled it right.

As a city election is held Monday, candidates should be forced to take their ground on this question, which is more important than some others which we overemphasize.

MOOTZ TO BE SENTENCED—

Hermann Mootz, charged with an attempt to shoot his former wife, was up for sentence in the superior court before Judge Buck Thursday afternoon. His attorney, J. J. Bullock, presented a lengthy affidavit signed by Mootz, asking for probation. He stated that he would leave the country if given probation and would not trouble his wife any further. Mootz in the affidavit showed how all his earnings for twenty years were given to his wife. Mr. Bullock supplemented the affidavit with an eloquent appeal for his client. He stated that Mootz was ill and if sent to San Quentin would not long survive. If given a chance he was sure he would make good. Mootz was severely questioned by the court in regard to his past offenses in Southern California. Judge Buck took the matter under advisement and will decide this morning.

THE MUNICIPAL WHARF BONDS SHOULD CARRY BY A UNANIMOUS VOTE

The more the people of Redwood City investigate the question of voting bonds for the municipal wharf the stronger becomes their belief that they should carry by a unanimous vote. April 12 is the day for the people of Redwood to decide whether they will be a part of a progressive town or be satisfied to let the one great opportunity pass. The taxes which are asked to be voted are so small, when the results are considered, that they scarcely enter into the merits of the question. At the present valuation of Redwood City to raise the amount asked would make an additional tax of about 15 cents on assessed valuation of $100, or the average home owner would pay from $1 to $1.50 additional tax per year, which would amount to two or three cents per week. If the fact of the wharf brings additional factories, which it inevitably will, these factories will create new homes ,all of which will increase the taxable valuation of the town and a consequent decrease in the rate of taxation. Furthermore, the income from wharf charges is expected in time to more than pay the entire amount of the bonds.

The Chamber of Commerce has been working four years on this project—there is assurance of government aid to dredge the creek if Redwood acquires a municipal wharf. The wharf is a possibility, constructed and ready for use if the citizens will do their duty next Monday. There never was a bond proposition presented to the people of Redwood City before which carried with it so much promise for the future prosperity and material growth of our city.

GARNER GOES TO SAN QUENTIN

Judge Buck on Thursday afternoon sentenced J. L. Garner, found guilty by a jury in the superior court with the crime of rape committed on a 15-year-old girl at San Bruno, to an indeterminate sentence at San Quentin. The penalty for such a crime is from five years to life. Garner's wife presented a long affidavit asking that her husband be admitted to probation. She condoned his offense and on behalf of her two young children asked that he be given his liberty that he might provide for his offspring. His attorney also made a strong plea for probation. It was a sad scene, but the court was firm, holding that the nature of the crime was such that he could not admit the accused to probation. Garner will be taken to San Quentin today. He is only 24 years old.

The doctrine preached by Senator Johnson is pure American doctrine. It strikes a note in the campaign that no other candidate has sounded. That it will have its effect there can be no doubt. Despite advantages possessed by other asprrants we are much mistaken if the senator from California does not loom in the public vision as the dominant candidate for the Republican nomination.—The Brooklyn Times.

The ninth annual convention of the Parent-Teacher and Mothers' Clubs of the second district of California met in Burlingame Thursday and in San Mateo yesterday. County Superintendent Roy W. Croud gave the address of welcome for San Mateo county. The second district convention is composed of delegates from Sonoma, Marin, Alameda, San Francisco and San Mateo counties and there were over 200 delegates in attendance. A splendid program was presented and it was thoroughly enjoyed.

Mrs. Scadden, who owned the home in which Mr. and Mrs. H. B. Gardiner have resided for a number of years, passed away in Washington three weeks ago. Last week the house was sold to Mrs. War, who will make her home there. Mrs. Scadden was a sister of the late Mrs. Lyman Sampson and lived here for a few years.

Autos will be at the call of voters who may wish them on election day to go to and from the polls. Phone Redwood 185.

The school election held in the La Honda district last week was quite exciting. There were five votes cast. Three were for William Langley, two were for Mrs. William Langley. In other words, we might say that Will beat his wife.

Alfred Dalton of Sacramento, representing the state realty commission, was in town Tuesday calling on the realty brokers and dealers and als looking up any person who may be operating without complying with the state laws. Mr. Dalton has covered the central portion of the state and reports many changes in real estate, both community and farming, with a general air of prosperity, due to the recent rains.

Pearl True and Ray Stewart were married Easter Sunday in Mountain View. Mrs. Stewart has been employed in the local offices of the Pacific Gas and Electric Company for nearly two years. She is a Mountain View girl, but has lived here the last few months. Stewart is a soldier and returned from France but two weeks ago. The young couple will reside in the Jamison apartments.

H. J. Macginnity, a member of the chamber of commerce of San Francisco, has purchased the Mrs. Whitney Sperry place in Redwood Highlands and will move down from the city at once. The sale was made through Curran Clark.

Floyd Granger has bought the King home in Redwood Highlands and has moved into the home.

M. J. Knox, president of the chamber of commerce, D. R. Stafford and F. Drake attended the monthly meeting of the Civic League in San Francisco on Thursday evening. The committee having the matter of construction of a bridge across the bay at Dumbarton before the war revived the proposition at this meeting. A resolution was presented to revive the enterprise and it was unanimously adopted. The matter will now be pushed. Engineer O'Shaughnessy earnesly urged action on the enterprise, saying that the road or bridge could be used in connection with the Hetch Hetchy water system as the approaches to the bridge could be made of use. The question of finances is what the committee will have to grapple with. The building of the Dumbarton bridge would be a big thing for Redwood City and San Mateo county.

The great mystery has been solved. The body of a baby boy prematurely born, embalmed in a half gallon of alcohol, found in Foley's garage on Thursday, has been identified. The id relic was given by Dr. Bable to a local saloon man more than 30 years ago. After the saloons closed the "bottle" found its way to Foley's garage. All those who entered the saloon in question remember the "exhibit."

A LETTER FROM EX-CHIEF OF POLICE J. P. COLEMAN

Editor Times-Gazette: In view of the fact that certain interested persons are scattering broadcast information to the effect that I am seeking restoration to the office of chief of police of Redwood City (from which I was excluded by some of the same interested persons), I deem it wise to straighten the matter out. I am not a candidate for re-appointment to that office. This should settle the matter.

I have had the honor to serve as marshal and chief of police for 20 years; I thank the residents and voters of Redwood City for the confidence and trust shown in me. I have been thrown out of office without notice and without cause; no charges were, or could be, preferred against me, so therefore none were attempted. My office was wanted by others for reasons that would not read well or decently.

While in office I collected many dollars for taxes and licenses, and the records will show that every cent has been accounted for. Since I was expelled from office I have insisted that my books and accounts should be examined by a competent and disinterested expert, and the result was reached when report was made that notwithstanding the fact that I was expelled without cause or reason during the collection of tax money and at an unusual period, and without notice, nevertheless there was a balance of 58 cents only due to the town—and this was promptly paid as soon as it was possible to almost forcibly learn from a trustee who held tenaciously in his possesion the result of the expert's labors.

In every part of the United States (except possibly Redwood City) a person occupying office is usually deposed from office after the filing of charges and a hearing thereof, after notice to the intended victim. But such is not the practice or will of the majority of the present board of trustees.

I was slated for exclusion, but three of the solid four could only carry through the job in the tomb-like silence of their chamber and without the presence of the citizens and taxpayers.

I learned accidentally (not from any notice given me) that my official head was to be taken by the trustees on the evening of March 3, 1920 (an adjourned meeting). I informed some of my friends and we attended the meeting. Five trustees attended. One of them made a motion declaring vacant my office; no second was made to this motion, no reason was given for the motion—none could be given.

Nevertheless on the evening of March 8, 1920 (five nights later) a special meeting was called and four trustees voted to fire me—Trustee Kreiss alone voting no.

No reason was offered for my exclusion. None could be given.

I am thankful that no reason exists or can be urged after my 20 years of service, to justify the action of the trustees. I feel proud of the fact that I am honest and hope that I will have many such successors. I have discovered no good reason that will justify changing my religion or my course in life. I am not deformed either physically or mentally, and can walk along the streets of Redwood City without fear or shame, and free from any nervous tendency to look backward over my shoulders for specters or realities of any kind. My conscience is clear, and I will not be afraid to meet either the living or the dead. To gain this world's goods I have not deserted or forgotten the principles early instilled in me by my good father and mother, and have always kept in view those sterling questions, "Who am I? Whence did I come? and Where am I going?"

My address and residence will still continue to be Redwood City. I hope to remain here the rest of my days. Very truly yours,

JAMES P. COLEMAN.

A TALK FROM TUCHSEN

Editor Times-Gazette: The Redwood City Standard in its last issue has been carried away a bit through its desire to re-elect the present board of trustees or else through a lack of knowledge of the real facts. It speaks of the splendid condition of the water fund and credits the present board with bringing this fund from nothing to where it is now. The facts are these. George A. Merrill twelve years ago laid the foundation that put the water fund on record as really being a fund. It fell to me as chairman of public works to continue the good work and when my term expired the earnings were from $500 to $900 per month. Extensions of water mains amounting to $16,000 were paid for out of this fund. How much has been spent for water extensions during the last two years the Standard does not say. As far as I know no extensions have been made. Hence all earnings for the last two years together with what money was in the fund two years ago are represented in the fund today. Besides, if the water fund is in good shape, the credit for this is due to the superintendent of streets and the chairman of public works, far more than the board as a whole.

The town pays, or did pay, 12½ cents per thousand for water and sells, or did sell, it for 30 cents per thousand gallons, or at a profit of about 135 per cent. Give any merchant a chance at a business yielding such profit and having such demand, he would soon be independently rich, or under the present law in jail for profiteering. I have always claimed that the retail price of water should be reduced and tried during my term of office to get the board to consent to a reduction. I succeeded in getting a lower rate for some months during the time of war gardens, but was not able to get the board to make a permanent lower rate. If elected, I will renew my efforts and hope to convince the members of the new board of the justice of my contention.

The foregoing is said for the purpose of correction rather than criticism. I have no quarrel with any of the members of the board seeking re-election, but regret to say that I have one with M. E. Ryan, who is not running for trustee but seems to be running the town, or wanting to. He said to me some time ago that if I would run for trustee he would get behind me. He is behind me, trying to push me out of the race.

He told me today (April 7, 6:30 p. m.) that he would write a letter to the voters telling them all about it. I will have no chance to read this letter and reply to it, time being too short, or should I say too well timed, but I am willing to assume that it will be a straight story, the whole truth and nothing but the truth. nothing but the truth.

I am a candidate for the office of town trustee. I am free and independent and will always do my duty as I see it without wear of any man or set of men. No "boss" will make me do his bidding. I am for the good name of Redwood City and for its growth. Yours truly,

H. C. TUCHSEN.

J. F. FORD GAINING IN POPULARITY

John F. Ford, the popular candidate for town trustee, is making an active canvass through Redwood City and is everywhere meeting with encouragement from the taxpayers and old timers. The Ford family has been identified with Redwood City for more than sixty years. They were pioneers in the upbuilding of this municipality. The candidate for trustee, the scion of this family, deserves well at the hands of the people of Redwood City. He has been a taxpayer for many years, is progressive and has always worked for the interest of the town. Mr. Ford has all the qualities to make him an excellent trustee and if elected will work to give the people an economical and satisfactory administration. He is honest, able and trustworthy, and ought to receive a big vote and his friends predict an overwhelming victory for him. Your confidence in Mr. Ford will not be betrayed.

INDEPENDENT CANDIDATE

H. C. Tuchsen is an independent candidate for the office of town trustee. If elected, and he surely will be, he will bring to the new board a strong personality and an independence that is certain to augur well for the best interests of the people. In another column will be found his statement to the effect that he will lend his best efforts to reduce the water rate. This is a big item to the poor people having small gardens. Mr. Tuchsen will be a power on the board and it may be said of him in advance that anything he undertakes on the board is almost certain of passage. The taxpayers want such a man on the board and they are going to elect him.

LOUIS F. SERICANO

Louis F. Sericano, though not so well known as the other candidates, is well qualified for the position of town trustee. He has been a resident of Redwood Highlands for the past ten years. He has the interest of the community at heart, is progressive, honest and trustworthy. He would be an ideal man for the board. He is making a thorough canvass and will receive a big vote. Mr. Sericano is past president of Rincon Parlor, N. S. G. W., and a trusted employee of the Pacific Gas and Electric Company and an accountant of ability.

YEP, WE'RE FOR HIRAM!

Are the voters of California fickle? Are they forgetful or ungrateful?

Are they going to repudiate the man who brought about their political redemption?

The Record is firmly convinced that notwithstanding the extravagant claims of Herbert Hoover, who says he is not a candidate but whose every utterance reads like a campaign speech, California is going to give the senator an overwhelming indorsement at the presidential preferential primary in May and it should be so. The Record does not agree with Senator Johnson in all things, but it is not unmindful of his loyalty to the common people and his steadfastness during those times in California that tried men's souls. To desert him now, just simply because we disapprove of his attitude on a single issue, would be nothing short of ingratitude.

Hiram W. Johnson and only Hiram W. Johnson typifies the spirit of the great west in the present campaign. The Record is for him.—Stockton Record.

THE FIGURES SPEAK FOR THEMSELVES

Figures speak for themselves. They do not lie. Here is the amount of money raised by the present board of city trustees. Whether this was spent economically or not is a matter for the taxpayers to say.

In 1916-17 the amount of taxes received was $34,060.15; 1917-18, $38,242.89; 1918-19, $45,324.10; 1919-20, $55,716.77. Unless a halt is made in city expenditures the amount will be considerably higher next year. Mr. Taxpayer, it is time for a halt. Think the matter over and act wisely when you go to the polls next Monday. Select the men who will keep the taxes down and will not raise them.

FREE TRADERS' DREAM

Thirty-three prominent British labor leaders have issued a statement endorsing the league of nations. It declares: "World problems in finance, industry and food can be successfully met only by pooling the interests of the world. It is in vain to raise the standard of living in one nation if it remains low in another, for it is the main factor in productive cost." This bears out the theory that the fundamental purpose of the framers of the league covenant, and especially of its labor clauses, was to establish international communism. The industrial resources of all nations are to be made common property internationally. Standards of living and wages are to be standardized throughout the world, thus eliminating "commercial barriers" and establishing "an equality of trade conditions among nations." Of course it is true when the vaerage is struck between labor standards in the United States and those in Japan, China and India, American standards must come down to the point of neutralization. The economic features of the league of nations covenant are directed against the American standards of wages and living, and they were formulated by men who for many years, here and abroad, have been trying to bring the American standard of wages and living down to the standards of Europe and Asia by exposing American production to direct competition with foreign production. It is natural for a free trader to favor the new device for accomplishing the result and it is equally natural for an American protectionist to oppose it.

Mr. Kent says that he and Mr. Wallace are the only candidates to be considered for the United States senatorship on the Republican ticekt. Since when did Mr. Kent become a boss? What claim has he upon the Republican party? It will be remembered that he secured the Republican nomination some years ago for congress in the second district. Failing to get the nomination at the end of his term he ran on an independent ticket and defeated the Republican nominee and repeated this trick on his third term. Mr. Kent voted with the administration upon all matters, was appointed to a responsible position under Mr. Wilson and always advocated the president's theories. Mr. Kent is a emocrat and not a Republican. Why a Republican should vote for him is beyond us.

FOR BETTER TRAIN SERVICE

Editor Times-Gazette: It has been brought to the writer's attention from a confidential source, but one which he believes to be reliable, that the Southern Pacific Company had made plans to inagurate new and better suburban train service to go into effect April 1, 1920.

It is the writer's understanding that this service was to include additional trains as well as reduced schedules. He is now led to believe that the whole matter is being held in abeyance by the higher railroad officials, on the ground that the new time card calls for too many additional train miles. It has been intimated that if the people of the peninsula are interested in securing better train service it would be well to make themselves heard at the present juncture.

Having been a resident of Palo Alto for many years, as well as a commuter, the writer believes that a well timed request for better service to the Southern Pacific Company will procure for the peninsula cities a much improved train service, resulting in pleasanter living conditions and the upbuilding of the peninsula. He would recommend that your city board of trustees forward a letter on behalf of the citizens of your town to the Southern Pacific general passenger agent, requesting that all that can be done in the way of improving the peninsula traffic conditions be put into effect as soon as practically possible.

Copies of this letter are being sent to the cities of Burlingame, San Mateo, Redwood City, Sunnyvale, Menlo Park, Los Altos, Mountain View, Santa Clara and San Jose.

Respectfully yours,
SHERMAN KIMBALL.

SAN CARLOS ITEMS

JOHN E. COWGILL, CORRESPONDENT

W. W. McCormick of the C. H. Holt Realty Company of San Francisco was in San Carlos last Tuesday with some parties who are considering buying some of the attractive new bungalows that are on the market here.

The regular monthly meeting of the San Carlos Community Club will be held at the schoolhouse on Wednesday, the 14th, at 8 p. m. As many matters of importance will be introduced for consideration there should be a large attendance.

Mrs. J. M. Kirkbride and her charming daughter, Miss Gale Kirkbride, are here for a week's visit with Mrs. Kirkbride's son, Jack Kirkbride, at the home of Dr. J. G. Null.

Constable J. M. Boland came down from San Mateo last Monday to serve some papers on one of our former residents who had the misfortune to live beyond his means while here and who overlooked a small grocery bill amounting to $200.

J. C. Wilder, wno was superintendent of the coast division of the Southern Pacific some years ago, dropped in on us for a few hours' chat last Monday on his return to San Francisco from Redwood City, where he had been to investigate the title on some property he has contracted for in Daly City. After leaving the service of the Southern Pacific Mr. Wilder was for many years connected with the McCloud River Company as superintendent of transportation, from which position he retired about two years ago, soon after the death of Mrs. Wilder. Mr. Wilder entered the service of the Southern Pacific in the capacity of clerk when a young man soon after his arrival from the east, securing rapid promotion in the various departments of the general offices of the company until he was sent to the western division at Oakland Pier as assistant superintendent. From this position some years later he wa promoted to the superintendency of the coast division. Mr. Wilder, who never forgot that he rose from a clerkship to have supervision over several hundred men, was very popular with the employees who had the good fortune to work under him during the time he had charge of this division. And as we had occasion to call to see Mr. Wilder at McCloud while he was in charge of the McCloud River Companys' transportation system, we found that he was equally popular with the men in the employ of that company. A brother of Mr. Wilder, C. J. Wilder, was for many years general auditor of the Southern Pacific Company and up to the time of his retirement just prior to his death.

Masters John W. and Gilbert M. Null have returned to their home and studies in San Francisco after enjoying their week's vacation here with their father, Dr. J. G. Null.

Asa E. Hull went over to Hollister last Tuesday to dispose of part of his dairy stock which he has had farmed out on a ranch in that section for the past season. Mr. Hull expects to ship the balance of the lot, about 25 head, to his San Carlos ranch.

Mrs. Adolph Kunze autoed down to Monterey last Sunday, where she expected to join her sister in an auto trip to Los Angeles and other points of interest in the southern part of the state.

Dranzy A. Jones arrived on the Lark last Thursday from his trip to Old Mexico, where he has been looking after mining interests.

Mrs. A. L. Babcock left last week for a visit with relatives at Riverside and other points in the south.

J. E. O'Engler, who has been employed as chauffeur and gardener at the home of Mrs. N. T. Smith, has accepted a position with Mrs. T. F. Payne at Menlo Park at an advanced salary.

J. J. Mitchell, who is on a six months' furlough from the medical department of the United States navy, has joined his wife and Master Jimmy, Jr., for a visit at the home of Mrs. Mitchell's parents, Mr. and Mrs. George E. Lind. Mr. Mitchell has been stationed at the naval hospital at Las Animas, Col., since the close of the war.

Since the postoffice accounting system has been changed from a county unit to that of a state central accounting system, we fourth class postmasters (but first class accountants) do not receive such prompt returns from our quarterly reports and in the attention given to stamp requisitions as when we rendered our reports to or made requisitions upon J. C. Beard, the popular postmaster of Burlingame, as central accounting postmaster for San Mateo county. Mr. Beard rendered himself very popular with the fourth class postmasters (but first class accountants) of San Mateo county, owing to the prompt, efficient and unassuming manner in which Mr. Beard dealt with us smaller fry as cogs in Uncle Sam's great postal system during his reign as our chief supervising offical of this county.

Mrs. Azro L. Mann, one of San Francisco's popular teachers and school principal for many years, and her daughter, Mrs. Mary Mann Haley, drove over from their home in Berkeley last Wednesday for a visit with old friends and acquaintances. The Manns made their home here for many years prior to the death of Mr. Mann (a brother of the prominent attorney, Seth Mann), who was for many years and up to the time of his death the principal of the Denman grammar school of San Francisco.

George E. Lind left last Tuesday on his annual trip of inspection, repairs and adjustments to the scales used at all the Southern Pacific Milling Company's warehouses and stations in the Salinas valley and as far south as Santa Barbara. Mr. Lind has been in the employ of the Fairbanks scale people as one of their practical expert scale men for many years and the S. P. Milling Company asks for Mr. Lind in particular to overhaul their large number of truck scales each year.

Mrs. S. D. Smith is here from Modesto for an extended visit with her daughter, Mrs. Charles B. Marvin.

Young Ray Howard, one of the Daily Call's popular solicitors, was here to make a general canvass of the town in assisting the local agent to increase the subscription to the popular afternoon paper of the metropolis.

THE SUPERVISORS HOLD MEETING

The board of supervisors met in regular session Monday, April 5, at 10 a. m., there being present Chairman John MacBain, presiding; T. L. Hickey, Mrs. Henrietta Brown, Jos. M. Francis and Dr. C. V. Thompson.

The minutes of the regular meeting of March 15 and the adjourned meeting of March 22, 1920, were read and approved.

Attorney George C. Ross appeared before the board in reference to the construction of a county road along the Corte Madera creek in the third township, to connect with the San Gregorio road for the convenience of a number of ranchers in that district. Attorney Ross explained that the present private road used by the ranchers had been closed by an individual constructing a fence across it. It was suggested that a survey be made along the Corte Madera creek to ascertain the cost of the proposed road.

On motion of Thompson, seconded by Hickey, it was ordered that the county engineer be instructed to make such a survey.

The board took up at this time the hearing of the matter in connection with the petition of John R. Lopez and others, asking for the revocation of the permit granted Mrs. Henrietta M. Brown on May 5, 1919, giving her the right under Ordinance No. 30 to keep more than two dogs at her kennels situated just north of Redwood City in the second township. Attorney Lee T. Ross appeared in behalf of the petitioners and Attorney Ray B. Lyon for Mrs. Brown.

The first witness called by Attorney Ross was Ernest Drivon, one of the signers of the petition. He stated that he lived next door to the Browndale kennels and that obnoxious smells from the kennels had prompted him to sign the petition.

John R. Lopez, who circulated the petition, was the next witness. He testified that he had counted the number of dogs at the kennels one day last summer and found that there were at that time 104 in all. He said that the smell from the place was bad and that the continual barking of the animals kept his family from sleeping. Similar testimony was given by Lopez's wife, Mrs. Mary Lopez.

C. H. Lucas, another signer of the petition, also testified and stated that he had counted 50 dogs at the place, but admitted that he had not been bothered with any odor coming from the kennels or by the barking of the dogs. He said he had had his name withdrawn from the petition.

At this procedure of the hearing, Attorney Lyons presented a petition signed by H. G. Lowery and seven other persons, who had signed the first petition, in which they stated that they had placed their names on the petition at the request of Mr. and Mrs. Lopez and after Stanley Smith had first done so with the qualification that he was ont opposed to the location of the kennels in its present place, but that other residents wanted it removed. The petition further stated that Smith's name had been erased from the petition. The signers to the second petition presented by Attorney Lyon requested that they be allowed to withdraw their names from the first petition on the ground that they were not in sympathy with the movement.

Following the filing of the petition, Mrs. Brown was called by Attorney Lyon and testified that at no one time since she had been granted the permit by the board had she more than 75 dogs at the kennels, including puppies. She claimed that the smell complained about in the petition had come from a dead rabbit that had been thrown by small boys alongside the fence separating her place from the Drivon home.

Dr. J. E. Chapin, deputy county health officer, testified that he had made an inspection of the kennels on March 28 and had found them to be in a very good sanitary condition.

Dr. Carl Fisher of San Mateo testified that he had been a frequent visitor to the Brown home prior to the filing of the petition and had also found the kennels in the best of condition. Similar testimony was given by Thomas Bradbury, a resident of Burlingame. A. Gherini, who resides on Finger avenue, within a half mile zone of the kennels, testified that he had never been bothered by any smell from the place or by the barking of the dogs.

Following short arguments by Attorneys Ross and Lyon, it was moved by Supervisor Hickey and seconded by Supervisor Mrs. Brown that Mrs. Brown be allowed to retain her kennels with the understanding that any alleged nuisance be removed.

A roll call was taken on the motion which was lost by the following vote:

Ayes — Supervisors Hickey and Mrs. Brown.

Noes—Supervisors Francis, MacBain and Thompson.

The board thereupon voted to revoke the license of Mrs. Brown, on motion of Thompson, seconded by Francis, the revocation to take effect May 1, 1920.

Superintendent of Schools Roy W. Cloud appeared before the board and presented an order calling for the correction of the boundary lines between the South San Francisco, San Bruno and Visitacion Valley school districts, so as to allow all of the territory within the city limits of South San Francisco to be included in the South San Francisco school district, as required by law.

The resolution prepared by Superintendent Cloud in the matter was adopted by the board on motion of Hickey, seconded by Thompson.

Attorney F. A. Reynolds presented a deed from the Felton estate for the right of way for the proposed road through the Domingo tract and the Felton property, as called for in a petition on file with the supervisors. The deed was ordered accepted by the chairman.

Judge John Davis, city attorney of Burlingame, addressed a communication to the supervisors asking the board to make an order remitting to the city of Burlingame the road tax collected on Burlingame Highlands property. On March 5 last this territory was annexed to the city of Hillsborough and under the law it was claimed in the communication that the city is entitled to the refund for the money collected.

The matter was laid over until the meeting of the board Monday, April 12.

A communication was received from County Auditor J. J. Shields, in which he suggested that the sum of $2463.32 be transferred from the general fund to the social service commission fund to take care of the additional obligations assumed by the commission during the last year, including the maintenance of the general emergency hospital.

A petition signed by E. Mangini and other taxpayers of the Beresford lighting district was received, asking for the installation of an additional light at the intersection of the state highway at Leo avenue. The request was granted on motion of Thompson seconded by Mrs. Brown.

A communication was received from Sheriff Michael Sheehan, asking that the allowance for feeding the county prisoners be raised from 50 cents to 75 cents a day on account of the big increase in the cost of food.

The request was granted, on motion of Hickey, seconded by Francis, the new rate to be effective from the first of April, 1920.

A communication was received from the family of the late Supervisor William H. Brown, expressing gratitude for the kindness shown by the board in their bereavement.

A communication was received from the San Francisco supervisors, calling attention to the coming convention of the California Supervisors' Association to be held in the above city on April 13, 14 and 15 and urging the attendance of all the members.

A communication was received from the Civic League of San Francisco, including a copy of a letter addressed to M. J. They also have been active in the upbuilding of the community in which they are esteemed and respected by everyone.
